What's in a name?

Everywhere you go - from Oregon to Maine, and from Canada to Mexico, you find the Armour name on fine hams, bacon, beef, sausage and other meats in retail stores—products that sell readily, because the Armour name is known and respected by consumers.

To produce high quality meat products, it is necessary to have high quality "raw material." Eastern National Livestock show champions guide producers in marketing livestock of the most desirable type, size and finish.

To producers, the Armour trademark is a badge of fair dealing and honest service. To consumers, the country over, the Armour label means quality foods.

AN INVITATION TO BECOME A MEMBER

The Eastern National Livestock Show, Inc., is composed mainly of people who are interested in livestock development in the eastern states in particular and agriculture in general. The fact that the Eastern National is extending its base of influence, necessitates a solicitation for increased membership to place it on a sound financial basis and assure its continuing success.

Particularly, every breeder and every business man who is located within the scope of influence of this Show should become a member of the Eastern National and help to support it. In fact, any friend of agriculture and the livestock industry should want to become identified with this great Show.

Therefore, if you have not already become a member of the Eastern National Livestock Show, Inc., we invite you to join with us in this worthwhile project and shall appreciate your check for \$25 to cover membership dues. We also solicit those who can afford to do so, to make as generous as possible subscription to its Sustaining Fund. Don't wait for a personal solicitation. Draw your check and send it to 86 Iglehart Building, Baltimore 2, Md., or if you are visiting the Show you can leave it at the Show office.

I know that it will be a source of real satisfaction to you to be associated with this show, and needless to say, we shall appreciate your support very much.

LORD BALTIMORE HOTEL

BALTIMORE AT HANOVER ST., BALTIMORE, MD.

UNION STOCK YARD COMPANY

BALTIMORE, 23, MD.

Our business is the link between the packer and producer of live stock.

The importance of the services we render is reflected in the ever increasing daily consignments arriving at the Yards to be sold by commission firms.

Ship your livestock to a market that is served by competent commission firms, and where there are buyers for all classes of livestock regardless of type or finish.

Let us prove to you that there are "greater net returns" from a market where there is daily competition among many local and out of town buyers.

LAWRENCE R. HATTER,
President.

make pastures pay!

V-C PASTURE FERTILIZERS help you to make your pastures pay you more. Well-managed and properly fertilized pastures often yield four to five times as much succulent, green, nutritious forage as the same land would yield without fertilizer.

Early and liberal application of V-C Pasture Fertilizers helps grasses and legumes to make quick, vigorous

growth rich in minerals, proteins, vitamins and other nutrients. Grazing this high-quality, appetizing, green forage, dairy cows increase milk production and meat animals put on valuable weight.

Start now to make your pastures pay. See your V-C Agent. Place your order for V-C Pasture Fertilizers.

PRINCE SUNBEAM 46th 677648—A truly great typed, prepotent son of the 1938 International Grand Champion Bull, Black Prince of Sunbeam, is maintaining his reputation as a powerful sire. Recent visitors at Wilmae have been saying that his calves are better than ever.

Two of his good daughters are selling at the Atlantic Angus Sale on November 14, at Timonium, and we will feature one of his outstanding sons, Eric Prince of Wilmae at the Show Window Sale at Chicago this winter.

We invite your inspection of his sons and daughters. Come out to Wilmae Farm during the Eastern National Livestock Show.

**SAVE
THREE WEEKS
BARN
FEEDING**

Fertilize Your Pastures Now With

DAYCO GRANULATED

**PRODUCE HEALTHIER,
MORE PROFITABLE LIVESTOCK**

By fertilizing your pastures now, you hurry up the early bite of mineral-rich grasses. You'll be able to save costly barn feeding by getting your livestock out of the barn up to three weeks earlier this Spring and keeping them out weeks later in the Fall.

By using Davco Granulated, you make the job a lot easier on yourself too. You see, Davco is put through a special granulating process that forms it into porous individually-hardened particles. So, dusting and caking are a headache you can forget—because Davco Granulated slides “free and easy” through the drill and stays right where you put it. Every part of the pasture gets just the right amount of the right fertilizer—Davco Granulated.
